

Versatile Roof Mount Solution | RS-VS

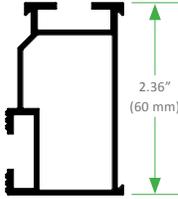

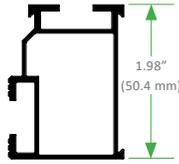

The RBI Solar Versatile Roof Mount Solution is suitable for all roof types. Whether for commercial or residential applications, the system can easily be configured for even the most challenging projects. With both pre-assembled components and true one-tool installation, this cost-effective one-size fits-all system is quick and easy to install.

Why choose RBI Solar?

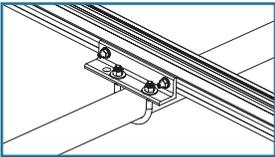

- One-tool installation for all components
- Compatible with any roof type and roof attachment
- Pre-applied anti-seize and torque retention coating on fasteners
- Simple pre-assembled components
- Pre-engineered with state stamps
- UL 2703 Listed for bonding and grounding
- UL 1703 Class A Fire Rating
- Made in America

Versatile Roof Mount Solution Features

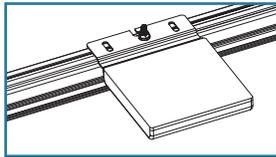

Product Name	VS-C Rail	VS-R Rail

Special Application Components

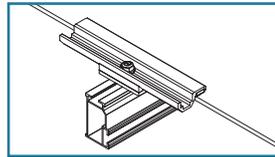

Ground Mount Adapter

Attaches VS system to schedule-40 pipe framing structure

Microinverter Hardware

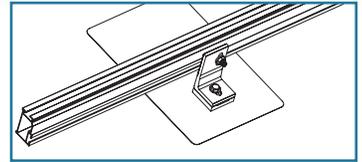

T-bolt hardware for mounting & bonding microinverters & power optimizers

Stion Frameless Module Clamps

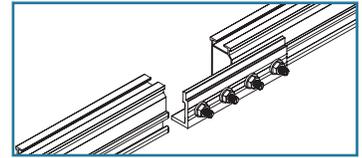

Pre-assembled rubber pads

L-Foot

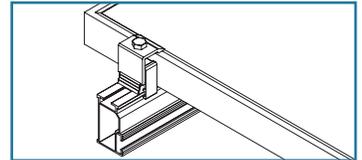

- Offset T-bolt slot for easier fastening
- Pre-applied anti-seize
- Fully assembled

Splice Connector

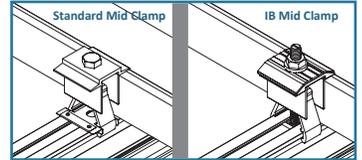

- Pre-assembled fasteners and integrated bonding
- Pre-applied anti-seize
- Fully assembled

End Clamp

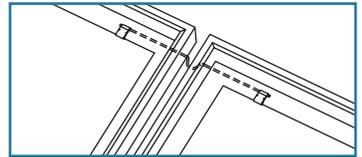

- One clamp fits all framed modules
- Pre-applied anti-seize
- Fully assembled

Mid Clamp

- Integrated Bonded (IB) mid clamp option
- Pre-applied anti-seize
- Fully assembled

Module Jumper

- Eliminates lug requirement for row-to-row bonding
