

## ML Series-Large Size Batteries

MHB ML series (2V 50Ah~3,000Ah) of VRLA batteries are recognized as the most reliable and high quality battery system in the industry. MHB ML series batteries designed with advanced AGM(Absorbent Glass Mat) technology, Long service life designed with 20 years, the batteries comply to the most popular international standards, such as IEC896-2, BS6290-4, Eurobat Guide.

### Main Application

Telecom; Emergency lighting systems; Electric power systems; Power station; Nuclear power station; Solar and wind powered systems; Marine equipment; Power generation plants; Alarm systems; UPS; Medical equipment; Fire and Security systems, etc.

No.	Battery Type	Voltage V	Capacity Ah	Terminal Type	"Weight" (kg)	Dimension(mm)			
						L	W	H	TH

## MR Series-Front Terminal Batteries

MHB MR series (Front Terminal, 12V 50Ah-200Ah) battery is mainly used in the area of communication, which is unique in design, reasonable in structure and occupying the leading position in the same industry of the world. With 15 years design life, the batteries comply to the most popular international standards, such as IEC896-2, BS6290-4, Eurobat Guide.

### Main Application

Telecom System

No.	Battery Type	Voltage V	Capacity Ah	Terminal Type	"Weight" (kg)	Dimension(mm)
