

Features

- 1) Wide operation temperature range: withstand temperatures from -40°C to 60°C
- 2) Fast charging and discharging in 6-15 minutes
- 3) Long cycle life with over 25000 times and life expectation up to 25 years.
- 4) High safety and military energy storage industry approved.

Lithium titanate battery-Data

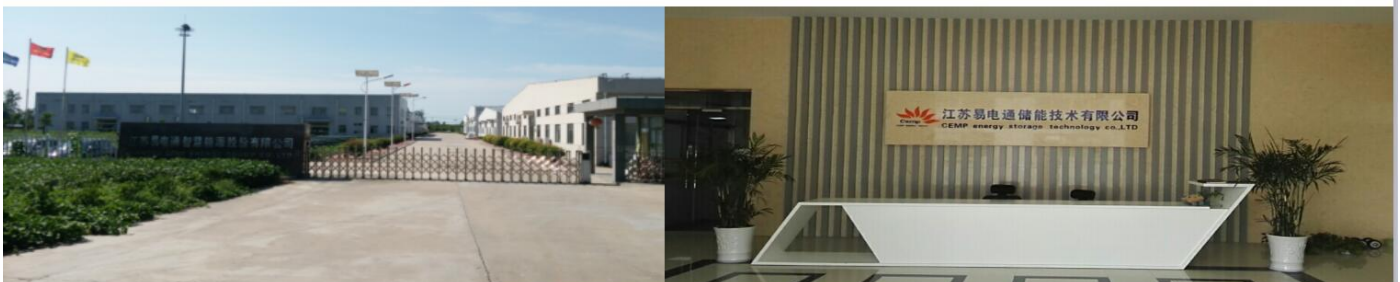

Technique data	Super Battery
Voltage	2.7V
Capacity	28AH
Max recharging current	200A
Resistance	<0.5mΩ
Cycle life	25000 times
withstand temperature	-40°C~+60°C
Dimension	Φ60X138mm
Weight	850g
