

## EnerMax L7

- Safe and reliable
- Good temperature control
- Rapid deployment
- Multi-scenario applications

### EnerMax L7 Application Scenario

Wind Power Plant

PV Power Plant

Island

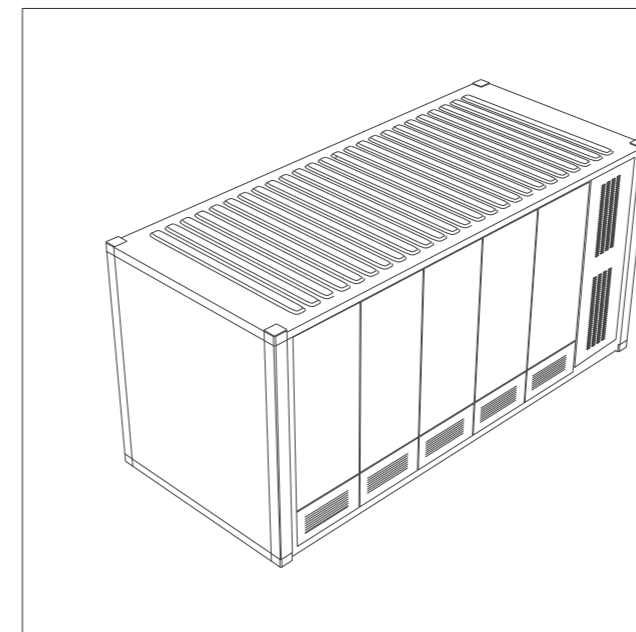

Pack

Integrated box

PCS+Transformer

Product name	EnerMax L7
Battery type	LFP 3.2V/280Ah
Nominal energy	3.727MWh
c-rate	0.5CP
Voltage range	1123~1500Vdc
Dimensions (L * W *H)	6058*2438*2896mm
Temperature control method	Intelligent liquid cooling
Fire fighting systems	Gas fire protection + intelligent warning system + combustible gas detection + exhaust Air system, module-level fire protection, water fire protection (optional)
Testing and Certification	GB/T-36276、IEC62619、UL9540、UL9540A、UL1973、UN38.3
Weight	34T
