

KIT NO-FLEX CONNECT

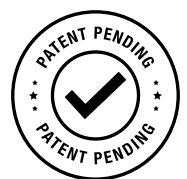

THE NEW SOLUTION FOR LARGE PANELS

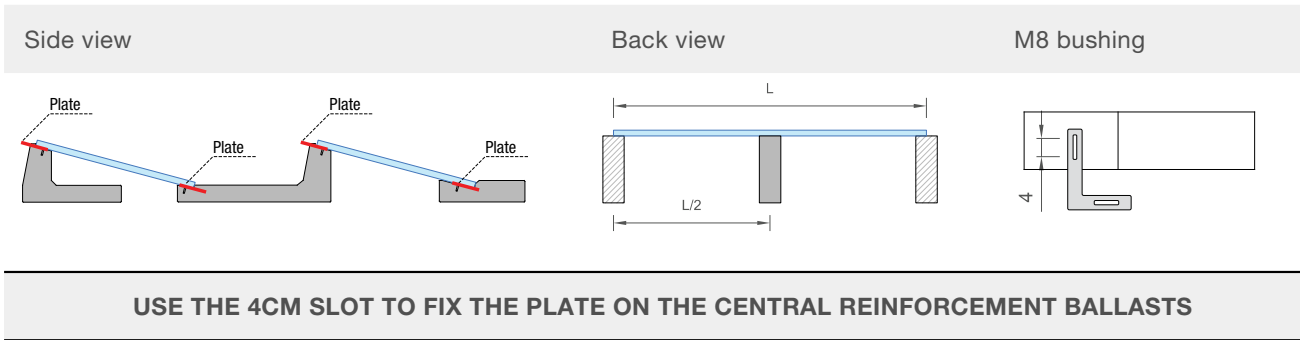

NO-FLEX Connect is a Sun Ballast accessory designed to be inserted on central reinforcement ballasts in order to support large panels and prevent them from bending in the middle.

Its "L" shape is designed to be compatible with all inclinations of Connect Sun Ballast systems, from 5° to 30°, with panels laid horizontally.

Item	Material	Thickness	Weight
K23711	Steel	30/10	120g
Plate	Bolt	Washer	Cage nut

CONNECT SYSTEMS 5°-10°-15°;;
Panel width from 980mm to 1150mm
