

### Three-phase household all-in-one energy storage T3 series

| MODEL  | SO8KH-T3  | S10KH-T3                                    | S12KH-T3   |
|--|---|---|--|
| <b>Inverter parameters</b>                                       |   |   |  |
| Inverter model   | SO5KH-T3-INV  | S10KH-T3-INV                                | S12KH-T3-INV   |
| Maximum PV input power   | 12000Wp   | 15000Wp                                     | 18000Wp  |
| Operating voltage range  | 60-1100V  | 200-950V                                    | 200-950V   |
| MPPT voltage range/ rated voltage input                          | 200-950V  | 200-950V                                    | 200-950V   |
| Starting voltage   | 180V  | 630V  | 630V   |
| Rated operating voltage  | 630V  | 630V  | 630V   |
| Number of MPPTs / Number of input strings per route of MPPT      | 3/1   | 3/1   | 3/1  |
| Maximum input current per route of MPPT                          | 16A   | 16A   | 16A  |
| Maximum short-circuit current per route of MPPT                  | 24A   | 24A   | 24A  |
| <b>Battery parameters</b>  |   |   |  |
| Battery model  | ESPro5kWh-BAT   |   |  |
| Battery type   | LiFePO4   |   |  |
| Maximum charging/discharging current                             | 26/26A  |   |  |
| Total capacity   | 5.32kWh   | 10.64kWh                                    | 10.64kWh   |
| Number of battery packs  | 1   | 2   | 2  |
| Nominal voltage  | 102.4V  | 204.8V                                      | 204.8V   |
| <b>AC output</b>   |   |   |  |
| Rated output voltage   | 400V/3L/N/PE  |   |  |
| Rated output power   | 50Hz/60Hz   |   |  |
| Rated active power   | 8000W   | 10000W                                      | 12000W   |
| Rated apparent power   | 8000VA  | 10000VA                                     | 12000VA  |
| Rated power grid output current (@400V)                          | 11.5A   | 14.4A                                       | 17.3A  |
| Total current harmonic distortion rate                           | <3%(Nominal power)                                      |   |  |
| <b>AC input</b>  |   |   |  |
| Rated power grid voltage   | 400V/3L/N/PE  |   |  |
| Rated power grid frequency                                       | 50Hz/60Hz   |   |  |
| Rated input power  | 16000W  | 20000W                                      | 24000W   |
| Maximum input apparent power                                     | 16000VA   | 20000VA                                     | 24000VA  |
| Maximum input current  | 23.1A   | 28.8A                                       | 34.6A  |
| <b>EPS output</b>  |   |   |  |
| Rated output voltage   | 400V/3L/N/PE  |   |  |
| Rated output frequency   | 50Hz/60Hz   |   |  |
| Rated apparent power   | 8000VA  | 10000VA                                     | 12000VA  |
| Rated current (@400V)  | 11.5A   | 14.4A                                       | 17.3A  |
| Maximum switching time   | <10ms   |   |  |
| Total voltage harmonic distortion rate (@ linear load)           | 2%  |   |  |
| <b>General parameters</b>  |   |   |  |
| Power factor/adjustable range                                    | 1/0.8 leading to 0.8 lagging                            |   |  |
| Dimension (width/height/depth)                                   | 630/202/1036 mm *                                       | 630/202/1417 mm **                          |  |
| Weight   | ~90.1±0.1kg *   | ~139.1±0.1kg **                             |  |
| Operating temperature range                                      | -25°C ... +60°C   |   |  |
| Heat dissipation method  | Natural convection                                      |   |  |
| Protection reference level (refer to IEC 60529)                  | IP65  |   |  |
| Maximum relative humidity  | 0-95%   |   |  |
| Maximum working altitude   | 3000m(>2000m power derating)                            |   |  |
| <b>Efficiency</b>  |   |   |  |
| MPPT efficiency  | 99.9%   |   |  |
| European efficiency/maximum efficiency                           | 97.2%/98.0%   | 97.9%/98.4%                                 | 97.9%/98.4%  |
| <b>Security and protection</b>                                   |   |   |  |
| Current surge protection (type II, according to EN/IEC 61643-11) | ● Insulation resistance test                            | ● Battery input reverse polarity protection | ● Residual current detection                         |
| All-pole sensitive residual current monitoring device            | ● Photovoltaic string input reverse polarity protection | ● Grounding fault detection                 | ● AC short circuit protection                        |
| <b>Features</b>  |   |   |  |
| User interface   | LED&App   | Smart ammeter interface                     | Digital output (dry contact point)/number of outputs |
| BMS communication  | CAN   | Internet communication interface            | RS485 /2 WiFi/LAN/4G                                 |
|  |   |   | Digital output (dry contact) / number of inputs /4   |

\*Including 1 inverter and 1 battery box, \*\* including 1 inverter and 2 battery boxes
