warranty**

[Product datasheet](#)

IBC MonoSol 425 | 430 | 435 GS10-HC-N

Long lifetime and
high-performance in combination.

Find our products
and further
information here.

Extended performance warranty

Guaranteed higher long-term electricity profits owed to TOPCon technology.

Higher low light output

Even in low light conditions, for example at dusk and on cloudy days, increased power production is ensured.

Optimized temperature coefficient

More power generation at hot temperatures by TOPCon technology.

Multi-busbar technology

Reduced power and shading losses by using of 11 cell connectors.

You also benefit from:

- a positive power tolerance (-0/+5W)
- increased mechanical stability (5,400 Pa)
- a German guarantor
- 100% proved quality
- a 30-year performance warranty
- a 15-year product warranty

				Packaging information	
				Number of modules per pallet	36
				Number of pallets per 40' container	28
				Dimensions incl. pallet (L × W × H in mm)	1744 x 1115 x 1247
				Gross weight incl. double pallet (kg)	821,6
				Stackability per pallet	2-fold

1) The linear power and product warranty are only valid for installations within Europe and Japan. The warranty requires installation according to the valid installation instructions. Standard test conditions: 1000 W/m² irradiation with a spectral distribution of AM 1.5 and a cell temperature of 25°C. 800 W/m², NOCT. Information according to EN 60904-3 (STC). All values according to DIN EN 50380. Errors and changes reserved. The precise conditions and content can be taken from the respectively valid version of the product and power warranty, which you can obtain from your IBC Premium Partner.

2) Loads according to IEC 61215-2:2016, max. design load

3) Measurement tolerances +/- 3% at STC: 1000 W/m², 25 +/- 2 °C, AM 1.5
