

## Roofing: Metal Roof, Tile Roof, Shingle Roof and Slate Roof

Rail splice kit is designed to connect rails, allowing multiple lengths of rail to be secured during installation.

**Material:** AL6005-T5 Aluminum Alloy

SUS304 Stainless Steel

**Surface Finish:** Anodizing ( $\geq 10\mu\text{m}$ )

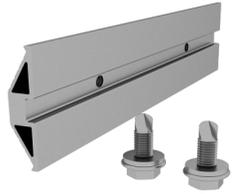

**Warranty:** 15 Years

### Features

\* Eliminate transportation and handling difficulty of long rails

\* Allow expansion and contraction of materials

\* Flexible installation

Part No.	Components	Material	QTY	Width	Height	Length	Rails
15-R1	Rail Splice P/N: 15-R1	AL6005-T5	1pc	9.8mm 0.39"	53.8mm 2.12"		11-R1 11-R4
	Self Drilling Screws M6.3*32 P/N: 36-Z6.3-32	SUS304	2pcs			120mm 4.72"	
							150mm 5.91"
15-R2	Rail Splice P/N: 15-R2	AL6005-T5	1pc	9.0mm 0.35"	23.0mm 0.91"	200mm 7.87"	11-R2 11-R5
	Inner Hexagon Bolt M8*20 P/N: 36-F8-20	SUS304	2pcs			Customized	11-R6 11-R7 11-R8 11-R12 11-R13
15-R6	Rail Splice P/N: 15-R6	AL6005-T5	1pc			26.4mm 1.04"	18.7mm 0.74"
	Self Drilling Screws M6.3*20 P/N: 36-Z6.3-20	SUS304	4pcs			120mm 4.72"	11-R8 11-R12
							150mm 5.91"
15-R10	Rail Splice P/N: 15-R10	AL6005-T5	1pc	8.1mm 0.32"	39.6mm 1.56"		11-R10 11-R11
	Inner Hexagon Continuous Thread Stud M8*10 P/N: 36-W8-10	SUS304	2pcs			120mm 4.72"	
							150mm 5.91"

\* Tolerances for the above parameters are  $\pm 3\%$ .
