

## High-yield

- Euro efficiency $97.5 \%$
- Real time precise MPPT algorithm for max harvest
- Wide input voltage operation range from 200V to 1000V

## - Flexible and economical

- Built-in PV Combiner (optional)
- DC switch. AC switch (optional)
- DC surge protection device (optional)
- AC surge protection device (optional)
- Power management unit
- Optimum selection for large PV plants, commercial projects and so on.

## - Low maintenance cost

- Detachable cover for easy installation
- Rusty-free aluminum covers
- Flexible and mature monitoring solution

Multi-function relay can be configured to display

- inverter information

## - Intelligent grid management

- LVRT support
- Reactive power adjustable
- Self power reduction at over frequency
- Remote active/reactive power limit control

Hosola SolarMAN online monitoring system Easy to monitor at anytime anyplace you like!

- Internet-based remote management system
- Real time monitoring and data recording
- Communicative display
- Customized service
- Periodical report on system operation status
