

KK 500 BALEMASTER

This powerful machine out performs any other vertical baling press of its kind. Card, plastics and other materials are compressed into dense mill size bales, of up to 600kg in weight. The wide feed aperture (1600 x 685mm) simplifies and speeds up handling of bulky material. Storage, transportation and waste disposal costs are dramatically reduced.

The KK 500 Balemaster can be purchased or hired on a 5 year, 3 year and 12 month rolling and include maintenance. Please contact us for further details.

SPECIFICATIONS	
Suitable applications	Paper Card Plastic 5 Litre Paint Tins
Width	1750 mm
Depth	1170 mm
Height	3860 mm
Depth With Door Open	2500 mm
Machine Weight	2.2 Tons
Feed Aperture	W 1600 mm X H 685 mm
Bale Dimensions	W 1525 X D 760 X H 1220 mm
Bale Weight	450 TO 600 Kg
Compaction Force	42 Tons
Working Cycle	50 Seconds
Motor Rating	10 Hp
Electrical Supply	3 Phase, 32 AMP, Motor Rated, Neutral & Earth.400 V, 50 Hz
